

Technical Data Sheet

HPC -0502
OPP OXY

Antioxidant for Sheet fed / heatset Web offset machines

- Features** :
- Prevents oxidation of plates
 - Ensures maximum protection for plates
 - No skin formation for high speed machines and quick set inks.
 - Quick start up, so no time loss
 - Especially for overnight stoppage and shift changes/stop gaps

Application : Spray Micro Opp Oxy during short stoppages on printing

Packaging : 335 ml Aerosol Metal can /1Ltr/5 Ltr Plastic Bottle.

Properties :

Colour	Reddish Yellow
Odour	Characteristic
Specific Gravity	0.78-0.80 at 25°C
Clarity	Transparent
Appearance	Transparent Liquid
Viscosity	11 sec thru B4 FC
VOC content	>50%
Flash Point	120°C

This information has been carefully compiled from experience gained in the laboratory and under commercial conditions. However, the product's performance and its suitability for the customer's purpose depend on the particular conditions of use and the material being printed. We recommend that customers satisfy themselves that each product meets their requirements in all respects before commencing a print run. All sales are subject to our standard conditions of sale.
